

CONNECT YOURSELF to a world of possibility

That is what Global Trade
and Logistics is about...
making connections.

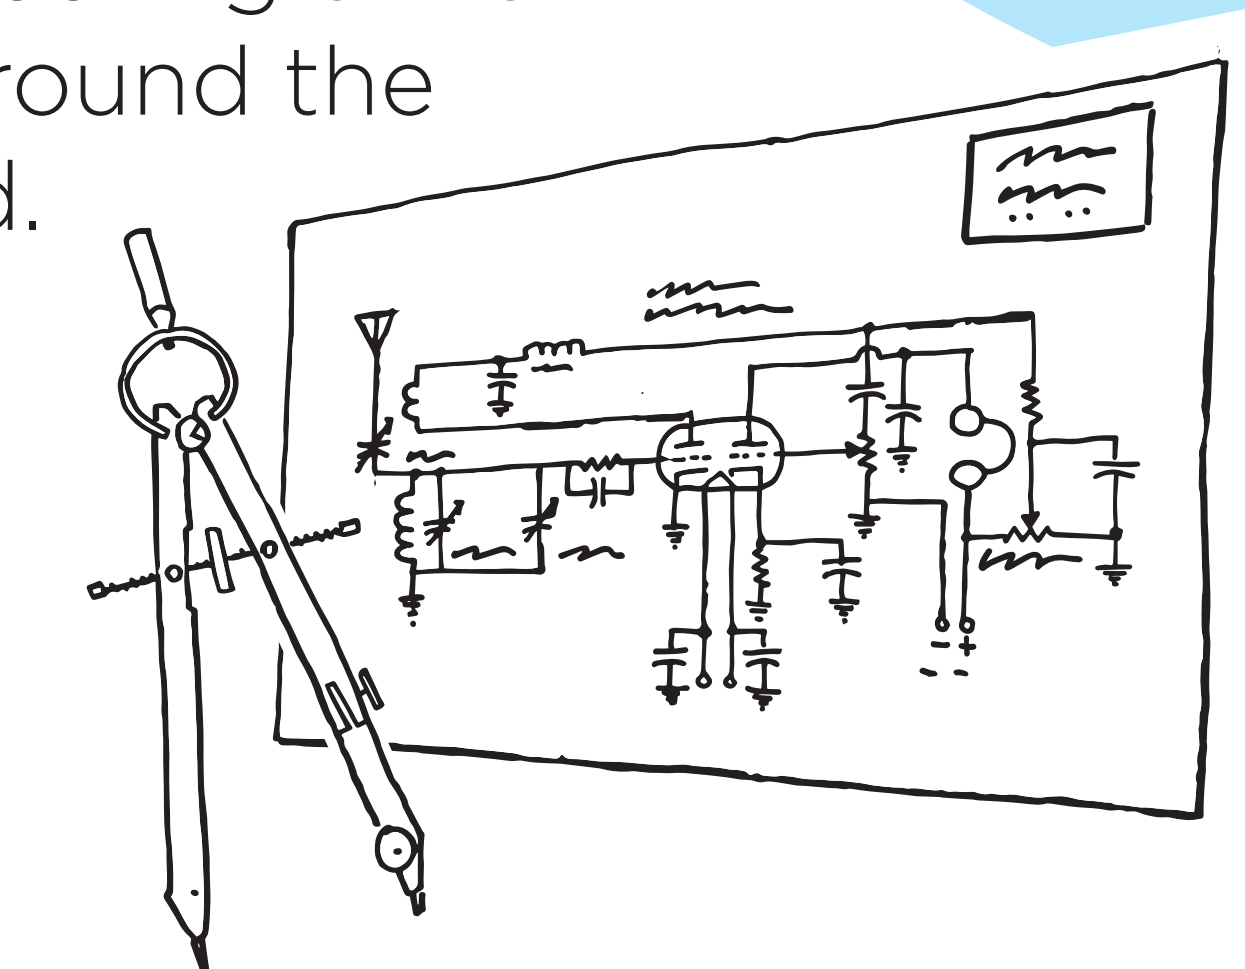

Global Trade & Logistics touches on
almost every type of transaction, Let's
focus on something you might already
be thinking about majoring in.

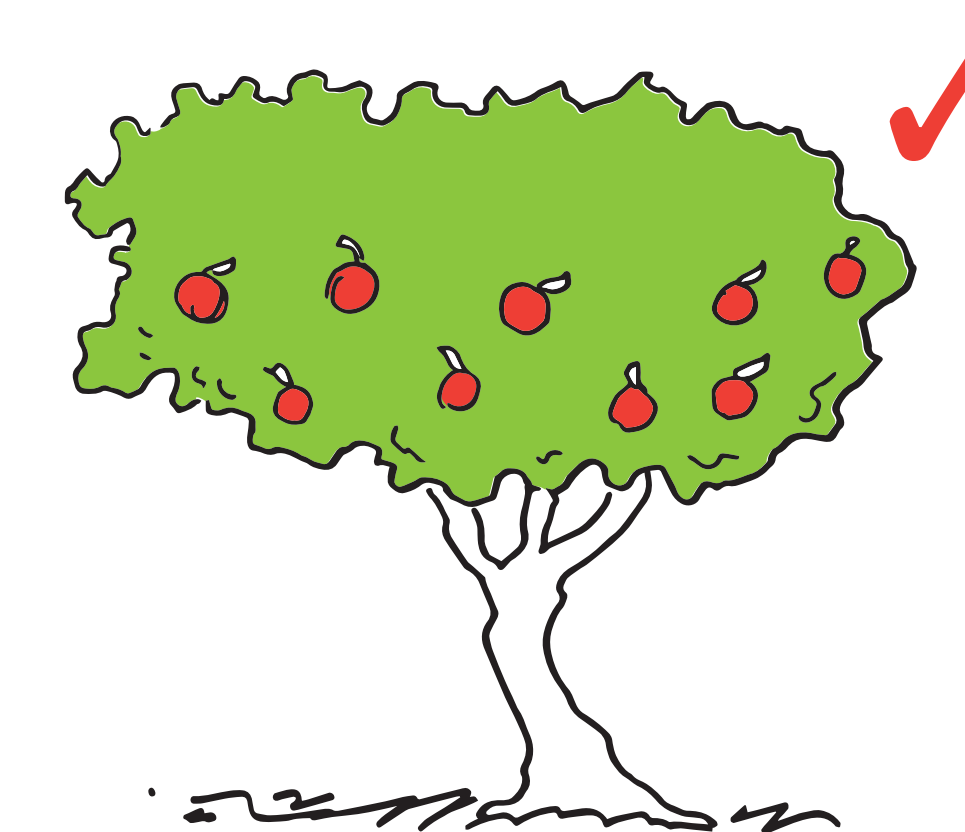

✓ Sell products on-line and
ship them anywhere.

✓ Tech and Engineering skills
are needed around the
world.

✓ Farm something local and ship it global.

✓ Cellphones and computers
make talking with partners
overseas easier than ever.

The first step is
recognizing that you
are part of a global,
connected, economy.

Think about it, global
trade and logistics
allows you to go where
you want to go, and do
what you want to
do...you are no longer
limited by geography.

You can live local and
work global, you can be
anywhere in the world.

the
CHALLENGE
is finding
your place

✓ Manufacturers around the
globe can help produce your
ideas at home.

The next step is at your local
California Community College.

We offer courses that can help
you connect, find your place, and
acquire the knowledge and skills
necessary to thrive in a globally
connected world.

Live Local, Work Global

What are you
waiting for?
LET'S GO!
